GDPR app (in co-operation with LeyQi)

The screenshot displays the LeyQi interface for a GDPR app. At the top, the header includes the LeyQi logo and 'LEGAL INTELLIGENCE' on the left, and the user 'Owner: Louis-Dorsan Jolly (louis.reggi1.id)' on the right. The main content area is titled 'Visitors registration' and features a 'Category:' dropdown menu set to 'Data subjects / data'. Below this is a calendar navigation bar with dates from 22 to 32. The main content area is divided into two sections: 'Which are the categories of data and data subjects?' and 'Add your comments using + sign'. The first section contains two input fields: 'Clients (business)' and 'General contact', both with 'x' icons for removal. The second section contains a list item '1 +' and fields for 'User:' and 'Date:'. At the bottom, there is a footer with 'Copyright © 2017 LeyQi. All rights reserved.' and a navigation bar with buttons for 'Previous', 'Back to Overview', 'Mark as done', and 'Next'.

HR notice term app

Test and select other legal tech solutions

Some hurdles/pitfalls

- Buy partner support
- Obtain resources (people and budget)
- Do not overshoot - start with small(er) things
- Get a team/involvement (ALTIUS legal engineers)
- Change mindset

*“Technology will
not replace lawyers, but
lawyers using tech will
replace those who don’t”*
